

SRF200

Portable Reflection Filter

SKU: 358239

NEW

The **Smart Acoustic SRF200** is a **portable reflection filter** comprised of a unique, 3-layer design - outer composite panel, a wool fabric layer and an inner acoustic-foam - that imparts near-zero sonic coloration to your tracks.

Easily adjust the horizontal and vertical link so you can place the microphone in the correct position.

- Portable Reflection Filter with excellent acoustic dampening
- 4 Layer design imparts near-zero sonic colouration to your tracks
- Lightweight body and clamp assembly for streamlined functionality
